

## FAIRMONT CHARTER ELEMENTARY

Vacaville Unified School District | K- 6<sup>th</sup> Grades | 566 Students | Public Charter School

Fairmont Charter School has earned "Champion School" status for its steady and continued commitment to the Solano SR2S program over the years. The school first became active in the SR2S Program by launching a pilot Walking School Bus in 2013. Since then, the partnership with SR2S has deepened, with Fairmont consistently participating in **every** event and program SR2S offers, a total of 38 events.

To encourage walking and biking to school, Fairmont Charter has hosted International Walk to School Day and Bike to School Day events yearly since 2013 and 2014, respectively. In addition, students learned bike safety skills and received bike helmets at the popular bike rodeo events every May from 2014-2019.

To celebrate Bike Month in May 2019, Lauren Browers, 5th grade teacher, worked with SR2S to schedule a bike rodeo, helmet fittings, and a visit from the Bay Area Bike Mobile (providing free bike repair) to help prepare students to safely and confidently ride to school. The school also extended Bike to School Day to a week-long event, challenging students to bike to school each day for the week. Students that biked or rode scooters to school earned prizes throughout the week.

With the success of this weeklong event and seeing the students' excitement and enthusiasm (and the school bike cage full), Ms. Browers felt that the school could support an on-going WOW Wednesday program. In fall 2019, Fairmont launched weekly WOW Wednesdays, furthering its engagement with SR2S and showing how it continues to value the programs and events that benefit their school community.

### Participation by School Year

#### 2009-2012

Student Travel Surveys

#### 2013-2014

Bike Rodeo  
Int'l Walk to School Day
